What the Wellness Day is all about?

The Move Your Body Wellness Day is an event focused on all areas of Mental, Emotional & Physical Wellbeing. Targeting common issues in the Health & Wellness industry, the event discusses popular topics such as nutrition, mindset, movement and more.

The Wellness Day came to life in 2016, from a vision by *Carol Hegan* – Founder and Director of *Move Your Body*, with a mission to simply make living a healthy lifestyle more achievable. With so many misconceptions and mix messaging in the media, we wanted to give our customers a platform where they can gain the right information, speak to the professionals themselves and connect at a community level with like-minded individuals.

Our goal – to have our guests leave feeling nothing short of inspired and equipped with the right tools and right information they need to make small healthy changes in their everyday life.

We bring a new light to the Health & Wellness Industry and give YOU the knowledge you need to take back control of YOUR own health.

The Wellness Day features

- Guest Speakers
- Movement Classes
- Cooking Demonstrations
- Health and Wellness Stalls Exhibition

& More!
